RE: MB Docket No. 04-233

Ms. Dortch,

Because of our Rotary club's size, we are able to book programs of state and national prominence. Each and every program contains information that is both interesting and important to the citizens of N.W. Iowa.

KTIV-TV is always there providing news coverage of these important programs. This is a very important service for their entire viewing area.

We also have a very unique program which honors one of our high school seniors each month. Of course, these are outstanding your scholars, always heading their class ranking, active in school activities and athletics, church service and community development. KTIV-TV creates a short vignette of each month's Student of the Month, and broadcasts it several times during the following month. This is a real service to our club, the school system, and the students themselves.

We are most grateful to KTIV-TV and their community services.

Respectfully,

Bob Knowler  
Executive Secretary
